

Business Programming (using Python)

Zhaohu (Jonathan) Fan

Information Technology Management

Scheller College of Business

Georgia Institute of Technology

November 21, 2023

Main topics

- Final project presentations

Final project presentations

- Each group will have 10 minutes for its presentation with an additional 5 minutes for Q & A, for a total of 15 minutes.
 - **Seven groups will present on November 30th, and the remaining groups will present on December 5th.**
- Please email me your PPT deck before 1PM on the day of your presentation.

Suggestions for the PPT deck for your final

- Executive summary of your findings and conclusions.
- What is the **business problem** that you are addressing? Why is it important and interesting?
- Description of the data source, What does each record represent?
- What are the key variables? Summary statistics – anything interesting?
